## Monthly Update - November 2019

---

An opportunity for community involvement takes place each year with the appointment of authorities, boards and commissions. An important way for you to help continue to build a great City, is by lending your talents to an authority, board or commission. It often requires just one meeting a month, and is a great way to connect with other like-minded volunteers in the City. It is a fact that the City would not function without our volunteers. The knowledge and talent among Altoona residents, as well as the willingness of our residents to use those talents toward the betterment of our community, is impressive.

For those currently serving, thank you! For those considering serving, applications are currently being accepted for 2020. The contribution of current and future members makes Altoona an even better place to live!

## City Council Meeting - November

City Council will hold its regular meeting on Wednesday, November 13th at 7:00 P.M. in the City of Altoona Training Facility & Council Chambers, 1320 Washington Avenue, Altoona, PA.

## Local Use of Radar

Speeding in neighborhoods has been an ongoing public safety concern in Altoona, and in cities all across Pennsylvania.

Currently, Pennsylvania is the only State in the Country that doesn't allow local police departments to use radar. There is a bill in the PA House Transportation Committee that would allow local police departments, such as the Altoona Police Department and the Logan Township Police Department, to utilize radar to keep our streets and neighborhoods safe.

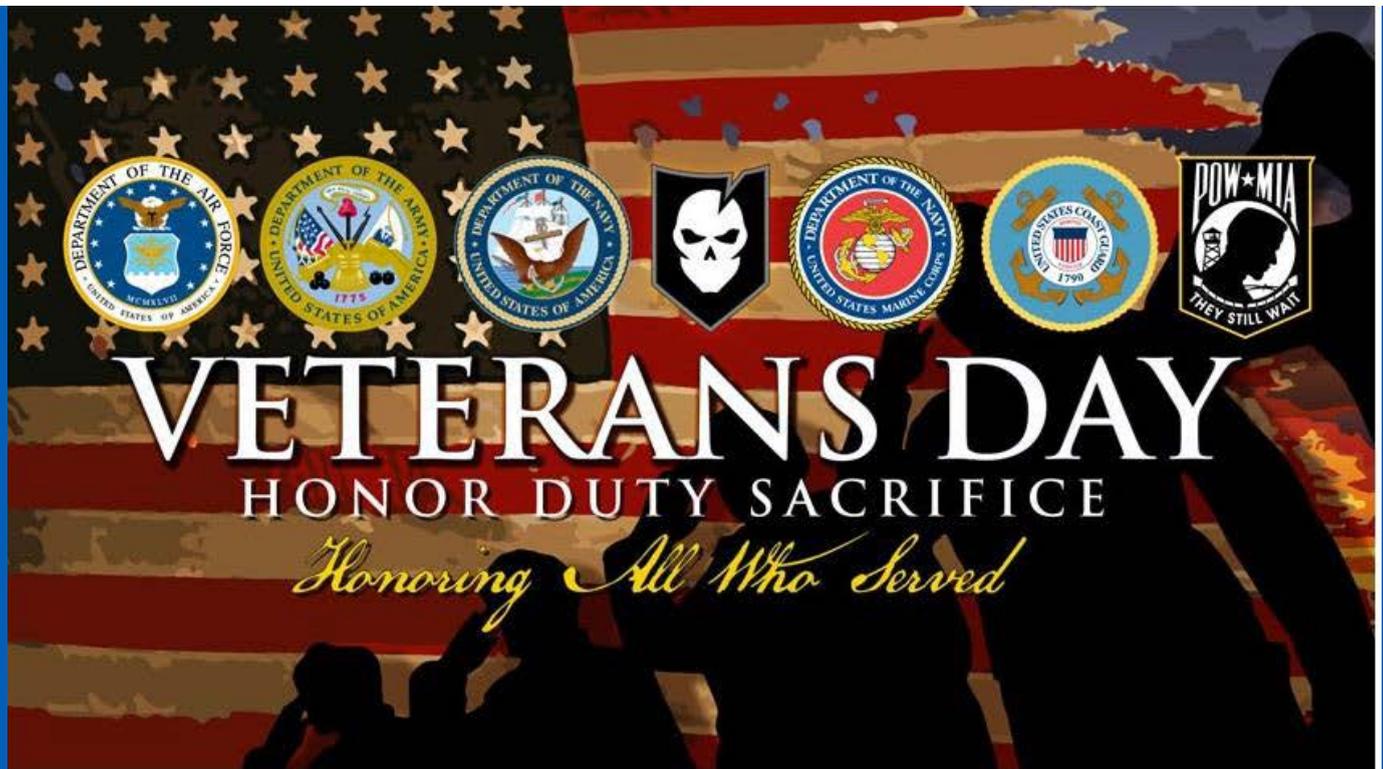

I would encourage everyone to please contact the Chairman of the Transportation Committee, Rep. Tim Hennessey (717-787-3431), and Rep. Lou Schmitt (814-946-7218) and ask them to please support moving Senate Bill 607, in its current form, to the House floor for a vote.

Thank you to Mayor Sorace and the City of Lancaster for putting this informational video together.
